Notice Concerning Dividends of Surplus

STELLA CHEMIFA CORPORATION (the “Company”) hereby announces that it has resolved, at a meeting of the Board of Directors held today to pay dividends of surplus with a record date of March 31, 2026. The details are described below. The Company’s Articles of Incorporation stipulate that dividends of surplus shall be paid by resolution of the Board of Directors.

2. Reason

The Company’s basic policy for dividends of surplus is to make stable and continuous payments based on a comprehensive consideration of factors including the Company’s financial condition and profit level. Furthermore, with respect to shareholder returns during the period of the Fourth Medium-Term Management Plan (FYE 3/2026–FYE 3/2028), in order to achieve management that is conscious of capital costs and share price in addition to balancing investments for growth, the Company will aim to achieve a total return ratio (Note) of 100% or more over the three-year period accumulatively, and will pay a minimum annual dividend of 170 yen per share. However, for fiscal years in which profit attributable to owners of parent fluctuates significantly due to extraordinary factors such as extraordinary profit or loss, the shareholder return amount will be determined in consideration of the impact of such fluctuations.

Based on the above policy and the dividend forecasts announced on March 24, 2026, the Company has decided to pay a year-end dividend of ¥95.00 (including a commemorative dividend of ¥10.00) per share for the fiscal year ended March 31, 2026.

(Note) The ratio obtained by dividing the total amount of shareholder returns from FYE 3/2026 to FYE 3/2028 by the total amount of profit attributable to owners of parent during the same period
